**Fishing:** you may or may not have time for fishing, it depends where you are hunting. If you want to fish, and it works out, please bring the following: lightweight collapsible fishing gear and spinners, spoons, mepps # 1 #2 and small flies work well.

**Note:** we recommend you dress in breathable under layers and Gortex water proof outer layers, and also suggest that your hiking boots are WELL broken in before your hunt. **Keep gear to 100 lbs (or within reason) on horse hunts (this is important)**, please bring 2 waterproof duffle bags for your gear. If you are **boat hunting**, you can bring a bit more, but please keep 100 lbs as your goal. Your hard gun case, extra gear, suit cases etc. can be left at your hotel in Whitehorse.

If you have any questions or want to discuss your trip, please feel free to call or email. During show season, the best way to reach me is via email or cell. Looking forward to hunting with you!
